Committee Reports

Board of Education– A council member was not present at the July meeting. First day of school is August 6, 2014.

Cemetery– Mowing has been completed in a timely manner and all drive areas have been sprayed for weed control. The committee is planning to have the garages painted in 2014.

Liturgy– Committee has not met. Nothing to report.

John Rosfeld has been contacted and asked to provide a quote for a backup generator to support the sump pumps located in the church basement. He has not yet submitted the quote.

Fall Festival– K of C will host the Triple B Threat event on Saturday night before the festival. The event will be held on campus and will include brats and beer tasting. The festivities will occur from

6:30 p.m. to 10 p.m. Tickets are \$10 and everyone's help will be needed to sell tickets. Backroads band will perform.

Old Business

An organizational planning meeting for the Parish Directory project is scheduled for September 18.

The Rush County Chorale will perform a Christmas Concert in the church on December 6th at 7:30 pm and December 7th at 2:30 pm. They have not submitted the dates that they would like to use for their spring concert.

The work camp that will be coming to Rushville in 2015 has been advertised in the bulletin and applications are available on the tables in the back of church. 35 applications have been received so far with a goal of collecting approximately 100 applications. A prayer board will be available for individuals that wish to sign up and pray for the success of the project.

New Business

A parish–planning meeting is scheduled for Saturday, September 6th.

The Council has agreed that 10% of the net revenue from the 2014 Fall Festival should be set aside as a tithe that will be used to support Rush County charities. An application process will need to be developed that will specify how organizations can apply for the funds and how the awards will be determined.

Strategies were discussed for initiating a more open discussion within the parish regarding finances and the current levels of overall giving.

St. Mary School will participate in a strategic planning process. School leadership will meet monthly from August 2014 to March 2015 with a representative from the Office of Catholic Education, Mary Ann Wechel. She will serve as a proctor for the process.

The roof of the school was inspected to determine the cause of periodic leaks. An assessment revealed that the roof has between 8 and 9 years of useful life remaining before full replacement is needed. The cause of the leaks was identified as deteriorating brick at the flashing transitions. It is thought that repair could require complete removal and rebuilding of the parapet. Roof replacement is estimated at \$180,000. No estimate has been generated for rebuilding of the parapet at this time. The situation will need to be addressed within the next 2–3 years.

The original section of the school building is in need of complete masonry tuck pointing. It is not yet required on the 1955 addition.

Council members reviewed a Priest Residence policy that was released by the Archdiocese. The document details the required attributes of the building, as well as the responsibilities of the Parish, the Priest–Resident and the Archdiocese. It was noted that the current rectory does not comply with the requirement that the residence be in a separate building from the Parish Offices. St. Mary is the only location in the Deanery with this condition. No remedial action needs to be taken at this time.

The St. Mary Golf Outing will be held this Saturday, August 9. Twenty–two teams have signed up with room for more. Cost is \$55 per player. Flights will tee off at 8 am and 1 pm. The golf committee needs to have more assistance with logistics of running the event.

The meeting closed at 8:30 with a prayer.

Respectfully submitted,

Steve Thoman, Parish Council Secretary
